2 August 2010

Business Association

to be established

A Business Association will soon be created in Crawford County based on the consensus of a cross-section of county boards, organizations and local citizens who recently met. The primary goal of the association will be to establish a cooperative to encourage and assist each other, and to advocate a "buy at home" mentality for local residents. More details to follow.

Ribbon Cutting Set

The Chamber will assist Moncrief Repair Services (MRS) in their upcoming open house and ribbon-cutting ceremony scheduled for Thursday, 5 August at 1 p.m. The business is located at 205 S. Dugger Ave. in Roberta. Hamburgers and hotdogs will be served.
